1. Getting Started

Welcome to the user manual on 'Creation of Child Users on ICEGATE' functionality. The manual offers a detailed account of all the features incorporated in this functionality and explains the steps involved therein.

2. Brief about the User Manual

Purpose

This user manual provides step by step illustration of the process involved in the creation of child user on ICEGATE. The manual comes with pictorial representation and detailed explanation on the same.

Intended Audience

This user manual is intended for use by all the existing users of ICEGATE who wish to create child user accounts for carrying out transactions on behalf of their business on the ICEGATE portal. Only parent users (i.e., users with master rights)can create child users on ICEGATE.

3. Overview

The registered users of ICEGATE can access various services available on the ICEGATE web portal and the customized dashboard. The facility of creating child users on ICEGATE is intended to extend these services to the authorized representatives/employees of the registered users as well so as to enable businesses to delegate their ICEGATE related work to the child users.

The process of child user creation can be performed by parent users only (i.e., users with master rights).During the child user creation process, a few key details such as the child user's name, email and mobile number would be required to be entered by the parent user. The employee/ child user will be required to complete the registration form by providing his personal details.

Kindly go through this manual and follow the step-by-step process for completing the child user registration.

4. Abbreviations

Sr. No.	Term/Acronym	Description
1.	CBIC	Central Board of Indirect Taxes and Customs
2.	CHA	Customs House Agent
3.	DSC	Digital Signature Certificate
4.	ICEGATE	Indian Customs Electronic Data Interchange (EDI) Gateway
5.	OTP	One Time Password
6.	PAN	Permanent Account Number

5. Pre-requisites for Child User Registration

- Only the parent user can create child users.
- An employee/ authorized person (child user) will not be able to register directly on ICEGATE.
- The parent user must have a valid Mobile Number and Email ID of the intended child user.
- The child user must keep these details handy: valid PAN, Aadhaar (linked with Digilocker), DSC and a self-attested soft copy of the authorization letter issued by their respective organization for conducting business on ICEGATE.
- The name entered in the registration form must match with the name in PAN records.
- The child user must have an unexpired Reference ID (10 digit) for accessing registration form and must submit the form within 15 days of generation of the Reference ID.
- Kindly refer <u>Annexure A</u> wherein guidelines pertaining to the registration process are provided for more assistance during child user registration process.

6. Process of Child User Registration

The child user registration process on ICEGATE2.0 is divided into three key sections-

- 1. Creation of Reference ID by the parent user.
- 2. Completion of registration form by the child user.
- 3. Approval/ rejection by the parent user (Admin approval in case of CHA child users).

These sections are divided into simple steps and are explained below.

6.1 Creation of Reference ID by Parent User

This section details the procedure of creating child users under a Role in the ICEGATE portal.

The registration process has three key steps. These are explained below:

7. Annexures

7.1 Annexure A–Guidelines for creating child users on ICEGATE

- All the child users must upload a self-attested coloured scanned copy of the authorization letter issued by their organization. Child users of CHA Firms (F Card and G Card holders) must upload self-attested coloured scan copy of their F Card/ G Card in addition to the authorization letter.
- Each document listed above must be self-attested and clearly legible.
- The documents must be coloured scan and in JPG/PDF format. The file size must be less than 1500 KB.
- Name of the child user must match with the name as per PAN and name as per Aadhaar.
- Reference ID generated by the Parent User is valid for 15 days. The child user will have to complete the registration process i.e., submit the registration form within the said expiry period. Failing to do so will result in deletion of the Reference ID from records and the parent user will have to re-initiate the process from the beginning.
- Unlike earlier mechanism, ICEGATE ID will be generated by the system after registration is approved and granted by ICEGATE approving authority.
- DSC uploaded must belong to the user and must not be expired.
- Please provide OTP carefully; after 3 incorrect OTPs the registration process will be terminated for security reasons.
- Applicant should be authorized for "ICEGATE/ Customs (Import/ Export) / AD Code registration" in the authorization letter uploaded by the child user.
- Where the organization is a company, the name of the directors on authorization letter should be the same as that available on the website of Ministry of Corporate affairs.
- Authorization letter should be signed by at least two directors/ partners.
- Name of the Directors/ Partners and Company/ Firm seal should be affixed with their respective signatures on the authorization letter.
- Authorization letter should have the letter head of the entity.
- Kindly Refer <u>Annexure B</u> for sample format of the authorization letter.
